

Business and Multi-Family Recycling

Waste reduction and recycling information for businesses, condominiums, apartments, townhomes and manufactured home parks.

Take the first steps in managing resources

- Reduce disposal costs
- Improve the environment by reducing pollution and conserving natural resources
- Extend the life of the County's only landfill by reducing the volume of waste disposed
- Reduce dependency on virgin natural resources
- Enhance your image by demonstrating a commitment to sustainability
- Earn customer, employee and resident appreciation
- Build pride in your employees and residents who live and work in Pinellas County
- Promote the creation of jobs in the recycling industry

Recycling Collection

For recycling collection service contact your waste hauler, city recycling coordinator, a local private recycling company, or one of the recyclers listed on the "On-site Recycling" list located at www.pinellascounty.org/solidwaste/getridofit/ABC.pdf

Visit www.pinellascounty.org/cutwaste for resources such as posters, tip sheets, brochures, Six Steps to Cutting Waste at Work and the A to Z Guide for Recycling and Disposal.

Cutting Waste at Work

Businesses generate the majority of Pinellas County's solid waste and much of it could be reduced, reused, or recycled. Cutting waste helps the environment — and your bottom line.

This program is not just for businesses; it is available to multi-family developments too.

Pinellas County staff will work with you every step of the way to study your waste stream, develop a customized waste reduction program, and help promote the program to your employees.

Best of all, it's free

Six Steps to Cutting Waste:

1. Request a free waste assessment from Pinellas County Solid Waste by emailing sqg@pinellascounty.org or calling 464-7500
2. Receive a customized waste assessment summary.
3. Generate support and leadership for the program
4. Develop a customized program based on the report recommendations
5. Launch the program and educate employees/residents with free materials provided by Pinellas County Solid Waste, and
6. Track program success with assistance from Pinellas County staff

A Cutting Waste at Work Assessment is the first step in Pinellas County's Green Business Partnership program, offered by Pinellas County Extension.

For more information, call 582-2100, ext. 2 or visit www.pinellascountyextension.org and select "Green Business Partnership" under "Sustainable Living Green."
